

## **CONTRIBUTOR RELEASE DELGRADS BOOK PROJECT**

This agreement authorizes Darren Kane (“Author”) to use submitted stories, anecdotes, quotes, images, and recollections (collectively the “Materials”) in the DelGrads Book (“The Book”), and for you (“Contributor”) to be cited or credited in The Book as elected on the second page of this document.

By signing this release, Contributor agrees to the following terms:

- Contributor understands that “DelGrads” is the working title of the project, and may not be the official title of The Book.
- Contributor represents to Author that Materials are Contributor’s original work, and do not infringe upon or violate any copyright, or any other intellectual property or right, of any third party. Contributor represents to Author that submitted stories, anecdotes, and recollections are true to the best of Contributor’s knowledge, and are not intentionally inaccurate.
- Contributor hereby grants to Author a non-exclusive, royalty-free, transferable, perpetual and irrevocable license for all such Materials for the first and subsequent editions of The Book. Following publication of The Book’s first edition, Contributor may request in writing to Author to remove any or all of Contributor’s Materials from, or alter Contributor’s credited name in, future revised editions of The Book. Author will make reasonable efforts to accommodate such requests, to the extent practicable. Contributor understands that due to the lead-time needed in the publishing industry, honoring of such requests may not be possible in the immediate next edition of The Book.
- Contributor agrees to allow submitted Materials to be reproduced, in whole or in part, in venues other than The Book, and agrees to release and hold harmless any party involved in such reproduction. (By way of example, usage may include but is not limited to a review of The Book, online marketing, e-commerce, print marketing, and book catalogs.)
- Contributor agrees that submitted Materials may be edited by Author for any reason, including length, clarity, language, content, context and formatting and hereby releases Author for any such editing.
- Contributor understands that submitting Materials in no way guarantees inclusion in The Book.
- Contributor understands that the Author may, at his discretion and without Contributor’s approval, alter Contributor’s elected credited name to reveal less personally identifiable information about the Contributor. Author will exercise this practice on a case-by-case basis. (By way of example; John Smith, UD ’98, elects to be credited by his full real name, and submits an anecdote that mentions certain behaviors of his UD roommate, though doesn’t identify the roommate by name. If the roommate’s name can be easily deduced *because* John Smith has elected to go by his full real name, *and* if John Smith’s description of the behavior is potentially defamatory of the roommate, Author may then choose to credit John Smith for that anecdote as: John, UD ’98, JS, UD ’98, Anonymous, UD ’98, or similar.)
